

China Doll

2020 CALIFORNIA ROSÉ

Many years ago in a Berkeley antique shop, Dave came across a box of fragile china dolls. Made of glazed porcelain, their thin structures were cracked and flaky showing signs of age. Their pale appearance and delicate nature were synonymous with the rosé we were trying to make. Sourced from across the state, the 2020 China Doll is our first without the use of Grenache, showcasing Syrah and Pinot Noir instead.

WINEMAKER'S NOTES

A vibrant rose petal hue with an amber rim, the 2020 China Doll opens with a plethora of aromatics: fresh strawberries, raspberry tart with fresh cream, a touch of jasmine and eventually candied watermelon. An enveloping entry with notes of yellow peach pith and Bing cherry lead to a mid-palate of honeycrisp apple and sweet melon. A lively finish marked by refreshing acidity gives way to the same candied watermelon on the nose.
