

mannequin

2020 CALIFORNIA CHARDONNAY

Chardonnay is the most widely planted grape in California, and Mannequin was created to highlight the varietal from different appellations across the state in a single blend. Each vineyard and their resulting wine lots have their own personality which on their own makes them interesting; however, we've learned that sometimes the sum of parts can be greater than the parts themselves. You could say the same about the label too...

Sourced from the Laguna Ranch and Del Rio vineyards in the Russian River Valley, the Stagecoach Vineyard on Atlas Peak and other select vineyards in Sonoma County, the 2020 Mannequin represents some of the best Chardonnay growing areas in California.

WINEMAKER'S NOTES

Golden straw in the glass with a flash of emerald, the wine opens with notes of ripe Bosc pear, lemon meringue, and white flowers. On the palate, the entry is coating with yellow peach, honeydew, and wet stone along with a mid of palmiers, tostones and ripe stone fruit. The finish is accentuated by a seam of acidity and leaves one with hints of lemon pith and butterscotch.

BLEND

Chardonnay

MATURATION

Aged in 39% new French oak sur lie for 8 months

ALC/VOL

15.4%
